

A photograph of a nuclear power plant at dusk. The sky is a mix of purple and blue, with two large cooling towers on the left emitting thick plumes of white steam. The plant's buildings and containment domes are illuminated from within, casting a warm yellow glow. The foreground is dark, showing the silhouettes of trees.

Simpler Than You Think:

How Do Nuclear Plants Work?

By: Teigue Kelly

Global Mean Temperature Difference (°C) Compared to 1850-1900 average
